

Family Care Support for Hurricane Milton

If your family care arrangements are being impacted by Hurricane Milton, **Bright Horizons**® is here to help. Use your *Bright Horizons Back-Up Care*™ benefit to find care whenever you need it.

Or if we are unable to secure you care, you can receive a reimbursement stipend for care to use towards the cost to hire a caregiver within your own personal network, such as a relative, babysitter, or friend.

Important:

This program is currently activated in Florida. Any use of the program will count towards your standard number of back-up care visits.
